General Contractors • Construction Managers

September 13, 2010

To whom it may concern:

Re: Pioneer Welding and Fabrication, Inc.

Our company has completed numerous projects with Pioneer Welding since our first project in 2003.

We have always found Kurt Marn and his staff to be highly professional, courteous, and responsive.

Our projects have covered the entire spectrum from ground up new construction, to miscellaneous steel packages, to the messy remodel work in between. In all instances Pioneer has been an asset to our construction team.

We highly recommend them.

Sincerely,

R.D. MICHAELS, INC.

We want to communicate to you our appreciation for all you contributed to the success of the KFC project!

In these "challenging times" that we all walk in, your partnering with us is meaningful not only for the client, but also for Felton Construction and Pioneer Welding & Fabrication, Inc..

We need to continue working together for our collective future; developing new client relationships, which will result in projects to not only carry us through these times but securely into the future.

We look forward to working on more projects with your company.

Sincerely,
